

Year 1/2

Summer Term – The UK and Continents and Oceans

Over the Summer term we will be exploring the United Kingdom in the first half of the term; this will include comparing cities and looking for human and physical features. We will be exploring the reason why people moved to the UK as part of the 'Windrush Generation' as well as creating our own capital city fridge magnets in DT. During the second half of the summer term, we will continue to compare human and physical features of the continents and oceans. Building on our scientific knowledge of living things and their habitats with an end of year trip to Marwell Zoo!

Reading and Writing

Coming to England / Katie in Scotland

Meerkat Mail / Lost and Found

Maths

Year 1 – Units of measure; multiplication and division; numbers to 100; money; time; position and direction

Year 2 – Units of measure; Time; Fractions and Statistics
